ATAW STUDIO

TERMS OF SERVICE

Effective Date: October 2026

Operated under: **Grupo Paradis**

Document Type: Official Terms of Service

These Terms of Service establish the rules and conditions governing the use of Ataw Studio's services, the purchase of products, the placement of custom orders, communication with our team, and participation in our freelancer system.

Our objective is to provide a professional, organized, and transparent experience for both clients and freelancers.

TABLE OF CONTENTS

1. Introduction

2. Acceptance of Terms

3. Agreement to Follow the Rules

4. Services

4.1 Minecraft Builds

4.2 Minecraft Skins

4.3 Graphic Design

4.4 Illustrations

4.5 Other Digital Services

4.6 Custom Orders

4.7 Service Availability

4.8 Quality and Creative Interpretation

5. Orders & Commissions

5.1 Placing an Order

5.2 Order Review

5.3 Order Confirmation

5.4 Assignment of Freelancers

5.5 Ataw Studio as the Service Provider

5.6 Changes to an Existing Order

5.7 Order Cancellation Before Work Begins

5.8 Cancellation After Work Has Started

5.9 Order Rejection

5.10 Order Priority

5.11 Order Information and Records

6. Pricing & Payments

6.1 Service Pricing

6.2 Custom Quotes

6.3 Currency

6.4 Payment Requirements

6.5 Payment Confirmation

6.6 Additional Charges

6.7 Rush Orders

6.8 Freelancer Payments

6.9 Direct Transactions with Freelancers

6.10 Refunds

6.11 Chargebacks and Payment Disputes

6.12 Taxes and Fees

6.13 Price Changes

6.14 Promotional Prices and Discounts

8. Deadlines & Delivery

8.1 Estimated Delivery Times

8.2 Project Start

8.3 Client-Related Delays

8.4 Freelancer-Related Delays

8.5 Changes to the Deadline

8.6 Rush Orders

8.7 Delivery

8.8 Final Delivery

8.9 Failure to Respond After Delivery

8.10 Circumstances Beyond Our Control

9. Revisions & Changes

9.1 Included Revisions

9.2 What Qualifies as a Revision

9.3 Major Changes

9.4 Client-Initiated Changes

9.5 Additional Revisions

9.6 Revision Requests

9.7 Changes Caused by Incorrect Client Information

9.8 Approval of Work

9.9 No Unlimited Revisions

9.10 Creative Interpretation

9.11 Revision Deadlines

9.12 Final Changes

10. Cancellations & Refunds

10.1 Cancellation Requests

10.2 Cancellation Before Production

10.3 Cancellation After Production Has Started

10.4 Cancellation Due to Client Changes

10.5 Cancellation Due to Ataw Studio

10.6 Freelancer-Related Issues

10.7 Refund Calculation

10.8 Completed and Delivered Work

10.9 Refund Processing

10.10 Chargebacks and Payment Disputes

10.11 Refund Abuse

10.12 Final Refund Review

11. Intellectual Property

11.1 Client-Provided Materials

11.2 Rights to Commissioned Work

11.3 Ownership of Commissioned Files
11.4 Portfolio and Promotional Rights
11.5 Third-Party Content
11.6 Intellectual Property Infringement
11.7 Freelancer-Created Work
11.8 Unauthorized Resale and Redistribution
11.9 Modifications After Delivery
11.10 Intellectual Property Disputes
11.11 Rights Not Expressly Granted

12. Client Responsibilities

12.1 Accurate Information
12.2 Providing Required Materials

18. Final Acceptance

18.1 Acceptance of These Terms

18.2 Agreement to Comply

18.3 User Responsibility

18.4 Applicable Rights

18.5 Final Statement

1. INTRODUCTION

Welcome to **Ataw Studio**, a digital creative studio created and operated under **Grupo Paradis**.

Ataw Studio provides digital products and services, primarily focused on Minecraft and creative digital content. Our services may include Minecraft builds, skins, skin packs, graphic design, logos, illustrations, and other digital services offered through our official platforms.

These Terms of Service establish the rules and conditions governing the use of Ataw Studio's services, the purchase of products, the placement of custom orders, communication with our team, and participation in our freelancer system.

Our objective is to provide a professional, organized, and transparent experience for both clients and freelancers.

2. ACCEPTANCE OF TERMS

By placing an order, purchasing a product, requesting a commission, opening a support ticket, submitting a freelancer application, or otherwise using any Ataw Studio service, you acknowledge that you have read, understood, and agreed to these Terms of Service.

If you do not agree to these Terms, you must not place an order, purchase our services, or otherwise use Ataw Studio's services.

These Terms apply to all clients, customers, freelancers, contributors, and other users who interact with Ataw Studio through its official services and platforms.

3. AGREEMENT TO FOLLOW THE RULES

By using Ataw Studio's services, you agree to:

- Provide accurate and truthful information when placing an order or submitting an application.
- Follow the instructions and guidelines provided by Ataw Studio staff.
- Communicate respectfully with staff, freelancers, and other members.
- Provide all information, references, and materials reasonably necessary to complete your order.
- Respect the intellectual property rights and usage conditions associated with purchased services and products.
- Comply with all applicable Ataw Studio policies and these Terms of Service.

Failure to comply with these Terms may result in order cancellation, restrictions on access to Ataw Studio's services, or other appropriate action, depending on the nature and severity of the violation.

4. SERVICES

Ataw Studio provides digital creative services and products for individuals, communities, servers, businesses, and other clients.

Our services primarily focus on Minecraft and digital creative content. Available services may include, but are not limited to, the following categories.

4.1. Minecraft Builds

Ataw Studio may provide custom Minecraft builds, including:

- Server lobbies
- Spawns

- Hubs
- Maps and environments
- Structures
- Landscapes
- Custom locations
- Decorative builds
- Other Minecraft-related construction projects

The final scope of each build will depend on the specifications agreed upon before the order begins, including dimensions, style, complexity, level of detail, and any additional requirements.

4.2. Minecraft Skins

Ataw Studio may provide custom Minecraft skins and skin-related products, including:

- Individual custom skins
- Skin packs
- Character skins
- Custom outfits
- Skin modifications
- Other Minecraft skin designs

Clients must provide sufficient information, descriptions, or visual references when requesting a specific character or design.

4.3. Graphic Design

Ataw Studio may provide digital graphic design services, including:

- Logos
- Branding elements
- Server graphics
- Social media graphics
- Promotional designs
- Banners
- Icons
- Other digital design materials

The exact deliverables will depend on the package or service purchased and the requirements confirmed before work begins.

4.4. Illustrations

Ataw Studio may provide custom illustrations and digital artwork, including:

- Character illustrations
- Minecraft-related artwork
- Promotional illustrations
- Digital artwork
- Custom visual concepts
- Other illustration projects

The artistic style, complexity, number of characters, background requirements, and other project specifications may affect the final price and estimated delivery time.

4.5. Other Digital Services

Ataw Studio may introduce additional digital products or services in the future.

New services may be subject to specific requirements, pricing, delivery conditions, revision limits, usage rights, or other applicable terms.

Ataw Studio reserves the right to determine whether a requested service can be provided and to establish the conditions under which it may be offered.

4.6. Custom Orders

Custom orders are evaluated individually according to the client's requirements and the nature of the requested project.

Before work begins, Ataw Studio may determine and confirm the following:

- The scope and specifications of the project.
- The estimated delivery time.
- The total price.
- The number of revisions included.
- The resources required to complete the project.
- The applicable usage rights.
- Any additional conditions necessary for the project.

The final agreement between Ataw Studio and the client will be based on the order details confirmed by both parties before work begins.

4.7. Service Availability

Ataw Studio does not guarantee that every service will remain available at all times.

Services may become temporarily unavailable due to circumstances including, but not limited to:

- Freelancer availability.
- Staff availability.
- Technical limitations.
- Project capacity.
- Maintenance.
- High demand.
- Changes to the services offered by Ataw Studio.

Ataw Studio may temporarily suspend, modify, or discontinue a service when necessary.

4.8. Quality and Creative Interpretation

Ataw Studio will make reasonable efforts to produce work that follows the requirements agreed upon with the client.

However, creative services may involve artistic interpretation and individual creative decisions. Differences in artistic style, visual interpretation, or creative execution do not automatically constitute a failure to provide the agreed service, provided that the final work reasonably follows the original project requirements.

5. ORDERS & COMMISSIONS

5.1. Placing an Order

Clients may submit order requests through Ataw Studio's official ordering system, Discord server, website, or any other communication method officially designated by Ataw Studio.

When placing an order, the client must provide accurate, complete, and sufficient information regarding the requested service.

Depending on the nature of the project, Ataw Studio may require the following information:

- Type of service requested.
- Project description and objectives.
- References, examples, or visual inspiration.
- Required dimensions, formats, or technical specifications.
- Desired deadline.
- Budget or price expectations.
- Files, resources, or assets necessary for the project.
- Additional instructions relevant to the order.

The quality, accuracy, and completeness of the information provided by the client may directly affect the final result and the estimated delivery time.

5.2. Order Review

After an order request has been submitted, Ataw Studio may review the request before deciding whether to accept the project.

During this process, Ataw Studio may:

- Request additional information or materials.
- Ask the client to clarify specific requirements.
- Propose adjustments to the project scope.
- Provide an estimated price.
- Provide an estimated delivery time.
- Determine whether the requested service can reasonably be completed.
- Reject the request when necessary.

Submitting an order request does not constitute automatic acceptance of the project by Ataw Studio.

5.3. Order Confirmation

An order will be considered officially confirmed only after Ataw Studio has reviewed the request and confirmed the applicable project details.

Depending on the nature of the service, the confirmed order may include:

- The requested service.
- Project specifications and deliverables.
- Total price.
- Estimated delivery time.
- Included revisions.
- Payment requirements.
- Additional conditions, where applicable.

Once the relevant details have been confirmed, the client may be required to complete payment before production begins.

Any specific conditions communicated and agreed upon during order confirmation will apply to the corresponding project, subject to these Terms of Service.

5.4. Assignment of Freelancers

Ataw Studio may assign an order to one or more freelancers or contributors based on factors including:

- Type of service required.
- Relevant skills and qualifications.
- Availability.
- Previous experience.
- Project specifications.
- Estimated delivery time.

Clients are not necessarily entitled to select the freelancer responsible for completing their project unless Ataw Studio explicitly offers this option.

Ataw Studio may replace or reassign a freelancer when reasonably necessary to maintain project continuity, meet agreed requirements, or address availability and operational issues.

5.5. Ataw Studio as the Service Provider

When a client places an order through Ataw Studio, the client purchases the service from **Ataw Studio**, rather than directly from an individual freelancer assigned to the project.

Ataw Studio is responsible for managing the order process, coordinating assigned freelancers, reviewing the work when applicable, communicating with the client, and addressing issues related to the order.

Freelancers participating in Ataw Studio projects operate as contributors within Ataw Studio's established workflow.

The assignment of a freelancer does not, by itself, change the client's relationship with Ataw Studio regarding the order.

5.6. Changes to an Existing Order

After an order has been confirmed, the client may request changes to the original requirements.

Ataw Studio will evaluate whether the requested changes can reasonably be accommodated within the existing order scope.

Minor adjustments that remain within the original project requirements may be accepted without an additional charge, where applicable.

However, requests that substantially alter the original requirements may be treated as additional work and may require a revised price, an extended delivery time, or a separate order.

Examples of substantial changes include:

- Replacing the original concept entirely.
- Requesting a substantially different design.
- Increasing the project's size or complexity.
- Adding new structures, assets, or deliverables.
- Requesting additional characters or illustrations.
- Changing the project's style after production has begun.
- Adding services that were not included in the original agreement.

Any additional charges or delivery time extensions will be communicated to the client for confirmation before the additional work proceeds.

5.7. Order Cancellation Before Work Begins

If an order has been confirmed but production has not yet started, cancellation may be possible depending on the circumstances.

Any applicable refund will be evaluated in consideration of the payment status, preparatory work already completed, non-recoverable third-party costs, and other relevant circumstances associated with the order.

Ataw Studio will review cancellation requests individually and communicate the applicable outcome to the client.

5.8. Cancellation After Work Has Started

Once production has begun, cancellation and refund eligibility may be limited, depending on the circumstances and the work already completed.

Ataw Studio or its assigned freelancers may have already committed time, resources, preparation, freelancer compensation, or other project-related expenses.

Accordingly, a client's decision to change their mind after production has started does not automatically entitle the client to a full refund.

All cancellation requests will be reviewed individually, taking into account the progress of the project, work completed, applicable payment conditions, and other relevant circumstances.

5.9. Order Rejection

Ataw Studio reserves the right to reject an order request or decline to proceed with a project when reasonably necessary and consistent with these Terms of Service and applicable law.

Reasons for rejection may include, but are not limited to:

- The requested work falls outside Ataw Studio's capabilities.
- The project violates these Terms of Service or other applicable policies.
- The request involves prohibited or unlawful content.
- The project requirements are unclear, impractical, or unreasonable.
- Sufficient resources or qualified freelancers are unavailable.
- The requested deadline cannot reasonably be met.
- The project presents significant legal, technical, financial, or reputational risks.

Where reasonably possible, Ataw Studio may provide the client with an explanation for the rejection.

If payment has already been made, any applicable refund will be handled according to the circumstances, the relevant payment conditions, and applicable law.

5.10. Order Priority

Ataw Studio may determine the priority of orders based on operational requirements and factors including:

- Confirmed deadlines.
- Project complexity.
- Payment confirmation.
- Current workload.
- Freelancer availability.
- Previously agreed rush-service arrangements.

Submitting an order earlier than another client does not necessarily guarantee earlier completion, as scheduling may depend on project requirements, resource availability, and other operational considerations.

Any expressly confirmed priority or rush-service arrangement will be handled according to the conditions agreed upon for that order.

5.11. Order Information and Records

Ataw Studio may maintain records associated with orders for legitimate administrative, operational, and service-related purposes.

These records may include:

- Client information.
- Order details and specifications.
- Messages and communications.
- Freelancer quotes and assignments.
- Payment-related records.
- Project files and reference materials.
- Delivery information.
- Support communications.
- Order transcripts and relevant history.

Such records may be used to manage projects, coordinate freelancers, resolve disputes, maintain service quality, and protect the legitimate interests of Ataw Studio and its clients.

The collection, storage, access, and handling of personal information will be subject to applicable privacy requirements and any relevant privacy policy maintained by Ataw Studio.

6. PRICING & PAYMENTS

6.1. Service Pricing

All Ataw Studio services are subject to the prices published or communicated through our official channels, product listings, quotations, or ordering system.

Prices may vary depending on factors including, but not limited to:

- Type of service requested.
- Project complexity.
- Project size and dimensions.
- Required level of detail.
- Number of deliverables.
- Number of characters, structures, or assets.
- Required quality and technical specifications.
- Requested delivery deadline.
- Additional project requirements.
- Commercial or extended usage rights.

Prices advertised for standard services may not apply to custom projects involving additional requirements or a greater scope of work.

6.2. Custom Quotes

For projects that cannot be accurately priced using standard rates, Ataw Studio may provide a customized quotation based on the client's requirements.

A quotation may include:

- Description of the requested service.
- Project scope and specifications.
- Total price.
- Estimated delivery time.
- Included revisions.
- Additional conditions or requirements.

Each quotation applies exclusively to the project and conditions for which it was issued.

If the client substantially changes the project requirements after receiving a quotation, Ataw Studio reserves the right to review the original estimate and issue a revised quotation.

6.3. Currency

Unless otherwise specified, prices may be displayed in **United States Dollars (USD)**.

Ataw Studio may accept other currencies or payment methods when explicitly made available through its official channels.

Currency conversion differences, transaction fees, exchange-rate fluctuations, and payment-provider charges may be the client's responsibility unless otherwise stated or required by applicable law.

6.4. Payment Requirements

Ataw Studio may require full payment or a partial payment before production begins.

The applicable payment arrangement will depend on the type, value, complexity, and circumstances of the order.

Unless otherwise agreed, an order will generally not enter active production until the required payment has been received and confirmed.

Ataw Studio is not responsible for delays directly caused by incomplete, failed, reversed, or pending payments, subject to any applicable legal obligations.

6.5. Payment Confirmation

Clients must use the official payment methods designated by Ataw Studio.

A payment will be considered confirmed only after Ataw Studio or its authorized payment system has verified the transaction.

Screenshots, receipts, transaction references, or other payment claims may be requested for verification. However, such materials do not automatically establish that a payment has been successfully completed.

Clients must cooperate with reasonable verification requests when necessary to confirm a transaction.

6.6. Additional Charges

Additional charges may apply when a client requests work that falls outside the scope of the original agreement.

Examples include:

- Additional revisions beyond those included in the order.
- Additional assets or deliverables.
- Increased project dimensions or complexity.
- Additional characters.
- Additional designs.
- Significant changes to the original concept.
- Expedited or rush delivery.
- Additional usage rights.
- Services not included in the original order.

Whenever reasonably possible, Ataw Studio will communicate the applicable additional costs and obtain the client's confirmation before proceeding with the additional work.

6.7. Rush Orders

Ataw Studio may offer expedited or rush delivery for selected services, depending on project requirements and current workload.

Rush orders may be subject to an additional fee based on the requested deadline, project complexity, and resource availability.

Payment of a rush fee does not guarantee completion by a deadline that is technically, operationally, or reasonably impossible to achieve.

Ataw Studio reserves the right to decline rush requests when the requested delivery schedule cannot reasonably be accommodated.

6.8. Freelancer Payments

When a freelancer is assigned to an order placed through Ataw Studio, the client is not responsible for paying that freelancer directly.

All client payments for active Ataw Studio orders must be made through the official payment process designated by Ataw Studio.

Ataw Studio manages applicable freelancer compensation according to its internal agreements, payment procedures, and operational policies.

Clients must not attempt to bypass Ataw Studio by making direct payments to freelancers for projects being handled through the studio's official ordering system.

6.9. Direct Transactions with Freelancers

Clients must not use information obtained through Ataw Studio to circumvent the studio's official ordering or payment procedures in connection with an active Ataw Studio order.

Prohibited conduct includes attempting to:

- Hire an assigned freelancer directly to complete the same active project outside Ataw Studio.
- Negotiate a private price with the assigned freelancer to bypass the studio.
- Send direct payments to the freelancer for the active order.
- Transfer an active Ataw Studio order outside the official system without authorization.
- Avoid applicable Ataw Studio fees or established procedures.

Ataw Studio may take appropriate action in response to such conduct, in accordance with these Terms of Service and applicable law.

6.10. Refunds

Refund requests will be evaluated individually according to the circumstances of the order, the applicable agreement, the work completed, and any relevant legal requirements.

A refund may be considered in circumstances including:

- Ataw Studio cancels an order before substantial production has occurred.
- Ataw Studio is unable to deliver the agreed service.
- A significant issue attributable to Ataw Studio cannot reasonably be corrected.
- A refund is otherwise justified under applicable law or the specific order agreement.

A refund may be reduced or unavailable, where legally permissible, in circumstances including:

- The client changes their mind after production has started.
- The agreed work has already been substantially completed.
- The client repeatedly changes the project requirements after confirmation.
- The client fails to provide information or materials necessary to complete the project.
- The client materially violates these Terms of Service.
- The client engages in fraudulent or abusive payment-dispute activity.

Refund decisions will take into account the progress of the project, the work completed, resources committed, freelancer compensation, project status, the original agreement, and other relevant circumstances.

Nothing in this section excludes or limits any refund rights or other protections that cannot legally be excluded under applicable law.

6.11. Chargebacks and Payment Disputes

Clients are encouraged to contact Ataw Studio before initiating a payment dispute or chargeback so that the issue can be reviewed and, where possible, resolved directly.

Unjustified chargebacks, fraudulent payment disputes, or attempts to obtain both the completed service and a refund may result in appropriate action, including:

- Suspension or restriction of services.
- Cancellation of active orders, where appropriate.
- Restrictions on future purchases.
- Reporting suspected fraudulent activity to the relevant payment provider or authorities, where appropriate.
- Other measures permitted by applicable law.

When responding to a legitimate payment dispute, Ataw Studio may provide relevant order records, communications, delivery evidence, and payment-related information to the payment provider, subject to applicable privacy and legal requirements.

Clients retain any dispute rights provided by applicable law and their payment provider.

6.12. Taxes and Fees

Unless explicitly stated otherwise, clients may be responsible for applicable taxes, transaction fees, currency conversion charges, and other fees imposed by their payment provider, bank, country, or jurisdiction.

Ataw Studio may include applicable taxes or fees in the final price when required or appropriate.

All tax-related obligations will be handled in accordance with applicable law.

6.13. Price Changes

Ataw Studio reserves the right to modify its prices at any time.

Unless otherwise agreed or required by law, price changes will generally apply to new orders and will not retroactively modify the price of an already confirmed order.

An existing quotation may be revised if the client changes the project requirements, the original quotation expires, or the conditions under which it was issued materially change.

Any revised quotation will be communicated to the client before proceeding under the updated terms.

6.14. Promotional Prices and Discounts

Ataw Studio may offer discounts, promotional campaigns, coupons, loyalty rewards, points, **Ataw Coins**, or other promotional benefits through its official platforms.

Unless the specific promotion states otherwise:

- Promotional benefits have no cash value and cannot be exchanged for money.
- Promotional benefits are non-transferable between users.
- Multiple promotions cannot be combined unless expressly permitted.
- Promotional benefits may be subject to expiration dates.
- Ataw Studio may modify, suspend, or discontinue promotional programs, subject to any existing commitments and applicable law.

Individual promotional programs may be subject to additional eligibility requirements, redemption rules, limitations, or conditions communicated when the promotion is offered.

8. DEADLINES & DELIVERY

8.1. Estimated Delivery Times

Ataw Studio will provide an estimated delivery time for each order whenever reasonably possible.

The estimated delivery time may depend on several factors, including but not limited to:

- Project complexity.
- Project size and scope.
- Number of deliverables.
- Freelancer availability.
- Client responsiveness.
- Number of revisions required.
- Availability of necessary resources.
- Current workload.
- Other circumstances specific to the project.

Unless expressly confirmed otherwise in writing, any delivery date provided by Ataw Studio is an **estimated deadline** and does not constitute a guaranteed completion date.

8.2. Project Start

The delivery period will generally begin once all applicable requirements have been satisfied, including:

- Official confirmation of the order.
- Completion or approval of the required payment.
- Submission of all necessary information, files, and references by the client.
- Confirmation that the project is ready to enter production.

If any of these requirements remain incomplete, the start of production and the estimated delivery period may be delayed accordingly.

Ataw Studio may notify the client when additional information or action is required before production can begin.

8.3. Client-Related Delays

Clients are responsible for responding to reasonable requests and providing the information, materials, and approvals necessary for their projects.

Delivery may be delayed if the client:

- Fails to respond to messages within a reasonable period.
- Does not provide the required references or materials.
- Submits incomplete or unclear information.
- Changes the project requirements after confirmation.
- Delays the required payment.
- Requests additional work outside the original agreement.
- Fails to review or approve required project stages.

Ataw Studio will not be responsible for delays directly caused by the client's failure to fulfill these responsibilities.

Where necessary, the estimated delivery time may be adjusted to account for the resulting delay.

8.4. Freelancer-Related Delays

If an assigned freelancer experiences an unexpected delay, Ataw Studio may take reasonable measures to maintain project continuity and minimize disruption.

Depending on the circumstances, these measures may include:

- Contacting the assigned freelancer to request an update.
- Adjusting the estimated delivery schedule.
- Requesting additional progress information.
- Reassigning the project.
- Replacing the assigned freelancer.
- Taking other reasonable steps necessary to complete the order.

Ataw Studio will make reasonable efforts to minimize the impact of freelancer-related delays and keep the client informed of significant changes to the estimated delivery time.

8.5. Changes to the Deadline

The original estimated delivery time may be revised if the project scope, requirements, or circumstances change after order confirmation.

A revised deadline may be necessary when the client requests:

- Additional features or functionality.
- Additional designs or deliverables.
- Additional assets or resources.
- Major revisions.
- Increased project dimensions or complexity.
- A different creative concept.
- Substantial changes to the original requirements.

The revised delivery estimate will depend on the nature and extent of the additional work.

Ataw Studio will communicate significant changes to the estimated delivery time to the client whenever reasonably possible.

8.6. Rush Orders

Ataw Studio may offer rush or expedited services for selected projects, subject to availability and operational capacity.

Rush orders may be subject to:

- Additional fees.
- Limited availability.
- Specific project requirements.
- Different freelancer assignments.
- Additional conditions or restrictions.

A rush request will not be considered accepted until Ataw Studio explicitly confirms the arrangement, including any applicable fee and estimated delivery time.

Even after confirmation, circumstances beyond reasonable control may affect the delivery schedule.

8.7. Delivery

Completed work will be delivered through the official delivery method designated by Ataw Studio.

Depending on the service purchased, deliverables may include:

- Downloadable digital files.
- Minecraft world files.
- Resource packs.
- Minecraft skin files.
- Images and visual assets.
- Graphic design files.

- Illustration files.
- Other digital materials specified in the order.

The exact files, formats, and deliverables included in an order will depend on the service purchased and the project scope confirmed before production begins.

Clients are responsible for ensuring that they can access the designated delivery method and download or receive the delivered files.

8.8. Final Delivery

Ataw Studio may consider a project ready for final delivery once the agreed requirements have been completed and any included revision process has been fulfilled in accordance with the original agreement.

Where applicable, the client may be given a reasonable opportunity to review the completed work before the order is formally closed.

Any review or revision opportunity will be subject to the applicable project specifications, revision limits, and other relevant conditions established for the order.

8.9. Failure to Respond After Delivery

If a client does not respond after final delivery or fails to provide required feedback within a reasonable period, Ataw Studio may send a reminder requesting a response.

If the client remains inactive after a reasonable opportunity to respond, Ataw Studio may consider the order completed and close the associated order or support channel.

Closing an order due to inactivity does not automatically eliminate the client's ability to report legitimate issues with the delivered work, subject to the applicable revision, refund, support policies, and legal requirements.

Ataw Studio may establish reasonable response periods for specific services or projects and communicate those periods to the client.

8.10. Circumstances Beyond Our Control

Ataw Studio will not be held responsible for delays directly caused by circumstances beyond its reasonable control, to the extent permitted by applicable law.

Such circumstances may include, but are not limited to:

- Platform outages or service interruptions.
- Discord outages or issues affecting third-party platforms.
- Payment-provider disruptions.
- Internet connectivity or technical failures.
- Hardware failures.
- Natural disasters.
- Government restrictions or emergency measures.
- Widespread service interruptions.
- Serious emergencies.
- Other unforeseen circumstances that reasonably prevent or significantly disrupt the completion of an order.

When reasonably possible, Ataw Studio will inform the client of significant delays resulting from such circumstances and provide an updated estimated delivery time.

Ataw Studio will make reasonable efforts to resume work and complete the affected order once the circumstances preventing progress have been resolved.

9. REVISIONS & CHANGES

9.1. Included Revisions

When revisions are included in a service or order, they are intended to allow the client to request reasonable adjustments to the delivered work in accordance with the original project requirements.

The number of revisions included may vary depending on the service, package, or individual order.

Any applicable revision limits will be communicated to the client before or during order confirmation.

Included revisions apply only to adjustments that fall within the original project scope and do not substantially alter the agreed requirements.

9.2. What Qualifies as a Revision

A revision generally consists of reasonable modifications that remain consistent with the original project brief and confirmed specifications.

Examples may include:

- Minor design adjustments.
- Color changes.
- Small structural adjustments.
- Minor positioning changes.
- Corrections to previously agreed requirements.
- Small modifications requested during the review process.

Whether a request qualifies as an included revision will be determined by comparing the requested change with the original project requirements and the scope of the confirmed order.

9.3. Major Changes

A request may be classified as a major change when it substantially alters the original project scope, concept, or requirements.

Examples include:

- Replacing the original concept entirely.
- Requesting a completely different design.
- Replacing the main structure of a Minecraft build.
- Changing the intended artistic style after production has begun.
- Adding substantial new areas, structures, or features.
- Increasing the original project size or complexity.
- Adding characters, assets, or deliverables not included in the original agreement.
- Requesting work that falls outside the confirmed order scope.

Major changes may require additional payment and an updated delivery estimate.

Ataw Studio will communicate any applicable changes to the price or delivery schedule before proceeding with the additional work, whenever reasonably possible.

9.4. Client-Initiated Changes

If a client changes their requirements after production has started, Ataw Studio will evaluate whether the requested change can reasonably be accommodated within the original price and project scope.

If the change requires substantial additional work, Ataw Studio may provide a revised quotation outlining the additional cost and any changes to the estimated delivery time.

The client will be informed of the applicable conditions before the additional work proceeds, whenever reasonably possible.

9.5. Additional Revisions

Once all revisions included in an order have been used, Ataw Studio may offer additional revisions for an additional fee.

The cost of additional revisions will depend on the nature, extent, and complexity of the requested changes.

Ataw Studio may decline further revision requests when they would effectively require the project to be recreated, substantially redesigned, or completed beyond the scope of the original agreement.

In such cases, a new order or separate agreement may be required.

9.6. Revision Requests

Clients should submit revision requests clearly and, whenever possible, consolidate their requested changes into a single, organized message.

To help Ataw Studio understand and process revision requests efficiently, clients are encouraged to provide:

- A clear explanation of each requested change.
- References or examples, where relevant.
- Specific locations, elements, or details that need modification.
- Any additional information necessary to understand the request.

Unclear, incomplete, or contradictory revision requests may delay the revision process and affect the estimated delivery time.

9.7. Changes Caused by Incorrect Client Information

If a correction is necessary because Ataw Studio or an assigned freelancer failed to follow the original agreed requirements, Ataw Studio may correct the issue without counting it as an additional paid revision.

However, if the requested correction results from inaccurate, incomplete, or subsequently changed information provided by the client, the change may be treated as an additional revision or additional work.

Each situation will be evaluated according to the original project specifications and the circumstances involved.

9.8. Approval of Work

Depending on the nature of the project, Ataw Studio may provide previews, drafts, prototypes, or intermediate versions for client review and feedback.

Clients are responsible for reviewing these materials and communicating any necessary changes within the applicable review period.

Once a project stage has been expressly approved by the client, subsequent requests to modify that approved stage may be considered additional work if they fall outside the original agreement or require previously approved elements to be substantially changed.

Approval of an intermediate stage does not eliminate Ataw Studio's responsibility to address any remaining requirements expressly included in the confirmed order.

9.9. No Unlimited Revisions

Unless explicitly stated otherwise in the confirmed order, Ataw Studio does not provide unlimited revisions.

Revision requests must remain within the applicable revision allowance and the original project scope.

Repeated requests that substantially alter the original project may require additional payment, a new order, or a separate agreement.

9.10. Creative Interpretation

Creative services may involve artistic judgment, technical decisions, and individual interpretation of the client's requirements.

Clients may request corrections when delivered work does not reasonably follow the agreed specifications.

However, differences in personal preference or subjective expectations that were not included in the original project requirements do not automatically entitle the client to unlimited revisions or a complete recreation of the work without additional cost.

Ataw Studio will evaluate such requests according to the original project brief, the confirmed deliverables, and the applicable revision conditions.

9.11. Revision Deadlines

Revision requests must be submitted within the applicable review period communicated by Ataw Studio or agreed upon for the specific order.

If the client fails to provide feedback within a reasonable period, Ataw Studio may send a reminder and, where appropriate, consider the relevant stage approved or the order completed.

Any decision to close an order due to inactivity will be subject to the circumstances of the project, applicable support policies, and legal requirements.

9.12. Final Changes

Once the agreed revision process has been completed and the final work has been delivered, additional requests may be treated as a new service, a paid revision, or a separate order.

Ataw Studio will determine whether a post-completion request qualifies as a correction to the original agreed work or constitutes new work outside the original project scope.

Corrections necessary to address a failure to meet the original confirmed requirements will be evaluated separately from requests involving new preferences, additional features, or changes to previously approved work.

Any additional charges will be communicated to the client before the additional work proceeds, whenever reasonably possible.

10. CANCELLATIONS & REFUNDS

10.1. Cancellation Requests

Clients may request the cancellation of an order by contacting Ataw Studio through an official communication channel.

Submitting a cancellation request does not automatically entitle the client to a refund.

Ataw Studio will review the status of the order, the amount of work completed, freelancer compensation already paid or committed, resources utilized, and other relevant circumstances before determining the appropriate resolution.

All cancellation requests will be evaluated in accordance with the applicable order agreement, these Terms of Service, and relevant legal requirements.

10.2. Cancellation Before Production

If an order is cancelled before production begins, the client may be eligible for a full or partial refund, depending on the circumstances.

The assessment may take into account any preparation already completed, non-recoverable third-party expenses, payment-processing fees where lawfully chargeable, and other costs directly associated with the order.

Ataw Studio will determine the applicable refund based on the circumstances of the cancellation and any requirements imposed by applicable law.

10.3. Cancellation After Production Has Started

If production has already started, the client may not be eligible for a full refund.

Ataw Studio may account for work already completed, resources committed, freelancer compensation, and other legitimate costs associated with the order when calculating any applicable refund.

Where appropriate, Ataw Studio may offer a partial refund corresponding to the portion of the order that has not been completed or otherwise provided.

The refund amount, if any, will depend on the project's progress, the original agreement, the circumstances of cancellation, and applicable law.

10.4. Cancellation Due to Client Changes

A client who changes their mind after production has started is not automatically entitled to a refund.

This includes situations in which the client:

- No longer wishes to proceed with the original project.
- Changes their preferred artistic or visual style.
- Decides to pursue a different concept.
- Chooses to work with another provider.
- No longer requires the requested service.
- Requests an entirely different project from the one originally agreed upon.

Depending on the circumstances, Ataw Studio may offer a partial refund, an adjustment to the existing project, or another reasonable solution.

Any such arrangement will be evaluated individually and will remain subject to the original agreement and applicable law.

10.5. Cancellation Due to Ataw Studio

If Ataw Studio is unable to complete an order for reasons attributable to the studio, it will make reasonable efforts to provide an appropriate resolution.

Depending on the circumstances, possible resolutions may include:

- Completing the project through another qualified freelancer.
- Agreeing on an extended delivery deadline.
- Offering an alternative solution acceptable to the client.
- Providing a partial refund.
- Providing a full refund when appropriate or legally required.

The appropriate resolution will depend on the nature of the issue, the work already completed, the feasibility of completing the project, and applicable legal requirements.

10.6. Freelancer-Related Issues

If an assigned freelancer becomes unavailable, fails to complete the assigned work, or causes a significant disruption to the project, Ataw Studio may attempt to reassign the order to another suitably qualified freelancer.

The client will not necessarily be required to cancel the order solely because the originally assigned freelancer is no longer available.

If reassignment is not reasonably possible, Ataw Studio will evaluate the available options and determine an appropriate resolution based on the project status, the original agreement, and applicable law.

10.7. Refund Calculation

When a partial refund is applicable, the calculation may take into consideration:

- The amount and value of work already completed.
- Freelancer compensation already paid or contractually committed.
- Legitimate payment-processing costs, where applicable.
- Resources already utilized.
- Additional work performed beyond the initial preparation.
- The remaining scope of the project.
- Any other relevant circumstances associated with the order.

Ataw Studio will assess the refundable amount individually, taking into account the original agreement and applicable legal requirements.

No deduction will be applied where prohibited by applicable law.

10.8. Completed and Delivered Work

Completed or delivered work may not ordinarily qualify for a refund solely because the client changes their mind or no longer wishes to use the product.

This may include:

- Completed custom designs.
- Completed Minecraft builds.
- Completed Minecraft skins or skin packs.
- Completed illustrations.
- Digital files that have already been delivered.
- Custom work that has been substantially completed.

However, this section does not exclude refunds, remedies, or other rights that may apply when the delivered work fails to meet the confirmed requirements or when such rights are required by applicable law.

10.9. Refund Processing

Approved refunds will generally be processed through the original payment method whenever reasonably possible.

The time required for a refund to appear in the client's account may depend on the payment provider, bank, payment processor, or other financial institution involved.

Ataw Studio is not responsible for processing delays caused by third-party financial institutions after the refund has been properly initiated, but will provide reasonable assistance where necessary to clarify the status of the transaction.

10.10. Chargebacks and Payment Disputes

Clients are encouraged to contact Ataw Studio through its official support channels before initiating a chargeback or payment dispute, allowing the studio an opportunity to review and address the issue.

If a payment dispute is initiated, Ataw Studio may provide relevant order records, communications, delivery evidence, and payment-related information to the applicable payment provider as part of the dispute-resolution process, subject to applicable privacy and legal requirements.

Fraudulent or abusive chargebacks may result in appropriate restrictions on future access to Ataw Studio services, where permitted by applicable law.

The use of a legitimate chargeback or other lawful dispute-resolution procedure will not, by itself, constitute misconduct.

10.11. Refund Abuse

Ataw Studio does not permit attempts to obtain both a completed service and a refund through knowingly false claims, fraudulent payment disputes, manipulation of payment systems, or other deceptive practices.

If suspected refund abuse is identified, Ataw Studio may temporarily suspend the affected order or restrict relevant account activity while the matter is reviewed, where reasonably necessary and permitted by applicable law.

Any resulting action will be proportionate to the circumstances and supported by the available information.

10.12. Final Refund Review

Refund requests will be reviewed individually based on the circumstances of each order.

Ataw Studio may consider:

- The confirmed project requirements.
- The terms agreed upon before production.
- The amount of work completed.
- The status of delivery.
- Communications between the parties.
- Payments and legitimate expenses associated with the project.
- Any other information relevant to reaching a fair resolution.

Ataw Studio will communicate its decision to the client through an appropriate official channel whenever reasonably possible.

Nothing in these Terms of Service is intended to exclude, waive, or restrict any rights or remedies that cannot legally be excluded under applicable consumer protection laws or other applicable legislation.

11. INTELLECTUAL PROPERTY

11.1 Client-Provided Materials

Clients retain ownership of all materials they provide to Ataw Studio, including logos, images, characters, text, references, designs, files, and other content.

Clients are responsible for ensuring that they hold all necessary rights, licenses, and permissions to provide, reproduce, modify, or authorize the use of such materials for the requested project.

11.2 Rights to Commissioned Work

Unless otherwise agreed in writing, clients receive the rights necessary to use the final commissioned work for the purpose specified and agreed upon when the order was placed, provided that full payment has been completed.

The scope of these rights is limited to the agreed purpose and does not automatically include unrestricted resale, redistribution, sublicensing, or other commercial exploitation.

11.3 Ownership of Commissioned Files

Upon completion of full payment, ownership of the final files specifically created and delivered for a commissioned project transfers to the client only to the extent expressly agreed in the order or in a separate written agreement.

This may include final deliverables such as Minecraft builds, skins, illustrations, logos, graphics, designs, and other custom digital files.

Unless expressly included in the agreed deliverables, Ataw Studio retains ownership of its pre-existing intellectual property, internal resources, templates, tools, workflows, methods, reusable assets, and materials that were not created specifically for the client.

Source files, editable files, project files, and working materials are not included automatically. Their delivery or transfer must be expressly agreed upon as part of the order.

Any transfer of ownership or usage rights does not grant the client ownership of Ataw Studio's brand, business systems, methods, or intellectual property unrelated to the commissioned deliverables.

11.4 Portfolio and Promotional Rights

Unless otherwise agreed in writing, Ataw Studio may display completed projects, previews, or selected portions of commissioned work in its portfolio, website, social media accounts, Discord server, advertisements, and other promotional materials.

If a project is subject to a confidentiality agreement or an agreed restriction on public display, Ataw Studio will respect the applicable terms.

Clients who require confidentiality or wish to restrict promotional use should communicate this before the order is confirmed. Any agreed restrictions should be documented in writing.

11.5 Third-Party Content

Ataw Studio may refuse to use third-party materials when reasonable concerns exist regarding copyright, licensing, ownership, permissions, or unauthorized use.

Such materials may include, but are not limited to:

- Images and photographs
- Logos and brand assets
- Characters and fictional designs
- Fonts and typography
- Textures and resource packs

- Music and audio
- Artwork and illustrations
- Text and written content
- Other copyrighted or protected materials

Clients are responsible for obtaining the necessary permissions for materials they provide, except where otherwise agreed in writing. Ataw Studio may request proof of authorization or suggest an alternative when appropriate.

11.6 Intellectual Property Infringement

Clients must not knowingly request work that infringes another person's or organization's intellectual property rights.

If Ataw Studio reasonably believes that a request may violate copyright, trademark, licensing requirements, or other applicable intellectual property protections, the studio may request clarification, require appropriate authorization, refuse the request, or cancel the affected order where justified.

Any cancellation, payment adjustment, or refund will be handled in accordance with these Terms, the applicable order agreement, and applicable law.

11.7 Freelancer-Created Work

Work created by a freelancer as part of an Ataw Studio order is subject to the applicable agreements governing the project and the rights granted to Ataw Studio and the client.

Freelancers may not use, sell, redistribute, or claim ownership of commissioned work in a manner that conflicts with the applicable agreements or the rights granted to the client.

Any ownership transfer, license, or permission relating to freelancer-created work must be consistent with the rights held by the relevant parties and the terms agreed upon for the project.

11.8 Unauthorized Resale and Redistribution

Clients may not resell, redistribute, sublicense, publish for commercial exploitation, or otherwise use commissioned work beyond the rights granted under the applicable order agreement.

Additional permissions may be requested from Ataw Studio where applicable. Any expanded usage rights must be expressly authorized in writing before the relevant use takes place.

This restriction does not apply to uses that are expressly permitted under the order agreement or applicable law.

11.9 Modifications After Delivery

Clients may modify, adapt, or incorporate delivered work into other projects to the extent permitted by the applicable ownership rights and usage permissions.

Ataw Studio is not responsible for defects, compatibility issues, losses, or other problems caused by modifications made by the client or third parties after delivery, except where responsibility cannot lawfully be excluded or where the issue results from Ataw Studio's own breach of an applicable obligation.

11.10 Intellectual Property Disputes

Clients and freelancers should report intellectual property concerns relating to an Ataw Studio project as soon as reasonably possible through an official communication channel.

Ataw Studio may review relevant orders, files, communications, agreements, permissions, and other available information to assess the concern and determine an appropriate response.

Depending on the circumstances, the studio may request additional documentation, temporarily suspend the affected work, restrict further distribution where within its control, or take other reasonable steps consistent with the applicable agreements and law.

11.11 Rights Not Expressly Granted

Any intellectual property rights not expressly transferred or licensed remain with their respective rights holders.

Nothing in these Terms grants rights beyond those expressly agreed upon or those that must be recognized under applicable law. Any ownership transfer or license remains subject to third-party rights and any applicable restrictions.

12. CLIENT RESPONSIBILITIES

12.1 Accurate Information

Clients must provide accurate, complete, and up-to-date information when placing an order or communicating with Ataw Studio.

This information may include project requirements, deadlines, references, dimensions, files, contact details, and any other information reasonably necessary to provide the requested service.

12.2 Providing Required Materials

Clients are responsible for providing all materials, information, references, specifications, and approvals reasonably required to complete their orders.

Failure to provide the necessary materials or information may delay production, affect the project outcome, or require adjustments to the estimated delivery date.

12.3 Clear Requirements

Clients should provide clear, complete, and understandable instructions regarding the requested service.

If project requirements are incomplete, contradictory, or unclear, Ataw Studio may request clarification before beginning or continuing production. Any resulting changes to the project scope, price, or delivery estimate will be handled in accordance with these Terms and the applicable order agreement.

12.4 Communication

Clients are responsible for maintaining reasonable communication with Ataw Studio throughout the project.

Clients should respond to questions, revision requests, confirmations, approval requests, and other project-related communications within a reasonable period.

Failure to respond may affect project progress, scheduling, or delivery, as described in these Terms.

12.5 Reviews and Approvals

Clients are responsible for reviewing previews, drafts, progress updates, and other materials provided during the project and communicating any necessary corrections or changes within the applicable review or revision period.

Once a stage has been approved or the final work has been delivered, additional changes may be treated as a new request or additional service, depending on the original order scope and the applicable revision policy.

Approval of a project stage does not remove Ataw Studio's responsibility to fulfill the remaining requirements agreed upon for the order.

12.6 Deadlines and Client Delays

Clients must provide required information, files, feedback, decisions, and approvals in a timely manner.

Delays caused by missing information, late responses, incomplete materials, delayed payments, or changes requested by the client may result in adjustments to the estimated delivery date.

Such delays will not automatically constitute a failure by Ataw Studio to meet the original delivery estimate. Any applicable changes will be assessed in accordance with the circumstances and the agreed project conditions.

12.7 Appropriate Communication

Clients must communicate respectfully with Ataw Studio staff, freelancers, and other authorized representatives.

Harassment, threats, discrimination, intimidation, abusive conduct, or intentionally disruptive behavior may result in warnings, communication restrictions, suspension of services, or order cancellation where appropriate.

Any action taken will depend on the severity and circumstances of the conduct and will remain subject to applicable law.

12.8 Payment Obligations

Clients are responsible for completing all required payments in accordance with the payment conditions confirmed for their orders.

Ataw Studio may pause production, withhold delivery of unpaid work where permitted, adjust scheduling, or cancel an order when required payments are not completed, subject to the applicable order agreement and law.

Any cancellation or refund resulting from non-payment or payment-related issues will be handled in accordance with the relevant provisions of these Terms.

12.9 Use of Delivered Work

Clients are responsible for using delivered files, commissioned work, and services in accordance with these Terms, the applicable order agreement, granted usage rights, and applicable laws.

Clients must not use commissioned work for unlawful, fraudulent, infringing, or otherwise prohibited purposes.

Clients must also respect any applicable third-party rights, licensing conditions, and platform rules relevant to their use of the delivered work.

12.10 Client Account and Security

Clients are responsible for taking reasonable measures to protect their Discord accounts and any other accounts used to communicate or conduct transactions with Ataw Studio.

Clients should not share account credentials, authentication codes, or other sensitive security information with unauthorized individuals.

Ataw Studio is not responsible for unauthorized activity resulting from a client's failure to maintain reasonable account security, except where responsibility cannot lawfully be excluded or where the issue results from Ataw Studio's own acts or omissions.

Clients should promptly notify Ataw Studio if they become aware of unauthorized activity that may affect an active order.

12.11 Cooperation

Clients agree to cooperate reasonably with Ataw Studio throughout the project, including by providing requested information, reviewing deliverables, responding to communications, and following the agreed order process.

Failure to cooperate may result in delays, adjustments to the project schedule or scope, suspension of work, or cancellation where justified by the circumstances and permitted under these Terms and applicable law.

12.12 Responsibility for Client Requests

Clients are responsible for ensuring that their requested projects, supplied materials, instructions, and intended uses comply with applicable laws, intellectual property rights, relevant platform rules, and these Terms.

Ataw Studio may request clarification, require evidence of authorization, refuse a request, or cancel an affected order when reasonable legal, ethical, security, or operational concerns arise.

Any resulting changes, cancellation, or refund will be handled in accordance with the applicable order agreement, these Terms, and applicable law.

13. PROHIBITED REQUESTS

Ataw Studio reserves the right to review, refuse, suspend, or discontinue any request that violates these Terms of Service, applicable laws, relevant platform policies, or the studio's established standards.

Clients may not request, commission, purchase, distribute, or use Ataw Studio's products and services for any of the following purposes.

13.1 Illegal Activities

The following activities are prohibited:

- Any activity that violates applicable laws or regulations.
- Content or services intended to facilitate fraud, scams, theft, or other unlawful conduct.
- Products, designs, or services intended to deceive, exploit, or cause unlawful harm to others.

13.2 Harmful or Abusive Content

Ataw Studio does not accept requests involving:

- Content that promotes violence, credible threats, harassment, or targeted abuse.
- Content intended to intimidate, humiliate, or maliciously target an individual.
- Content that promotes hatred or unlawful discrimination against protected groups.

13.3 Intellectual Property Violations

The following requests are prohibited:

- Work that knowingly infringes copyrights, trademarks, or other intellectual property rights.
- Unauthorized copying, resale, or redistribution of another creator's protected work.
- Reproduction or use of protected assets without the necessary rights, licenses, or permissions.

13.4 Malicious or Deceptive Use

Ataw Studio will not accept requests involving:

- Designs, builds, skins, or other assets intended to deceptively impersonate another person, creator, company, or brand.
- Malware, phishing, account theft, or other malicious digital activities.
- Content or tools intended to bypass security systems, facilitate unauthorized access, or violate applicable third-party platform rules.

13.5 Inappropriate and Exploitative Content

Ataw Studio strictly prohibits requests involving:

- Explicit sexual content involving minors or any sexual exploitation of minors.
- Content that sexually exploits, abuses, or endangers any person.
- Other content that Ataw Studio reasonably determines to be illegal, exploitative, or seriously harmful.

13.6 Misuse of Services

Clients may not use Ataw Studio's services to:

- Demand work outside the agreed scope while refusing reasonable discussions regarding adjustments to the price, deadline, or deliverables.
- Manipulate, threaten, harass, or coerce staff members or freelancers.
- Use stolen assets, unauthorized access, fraudulent payment methods, or other deceptive practices.

14. SUPPORT TICKETS

14.1 Purpose of Support Tickets

Ataw Studio provides support tickets as an official communication channel for clients, freelancers, and other users who require assistance with services, orders, payments, technical issues, disputes, or other matters related to Ataw Studio.

The ticket system is intended to ensure that requests are handled in an organized, traceable, and efficient manner.

14.2 Opening a Ticket

Users must provide accurate and relevant information when opening a support ticket.

Depending on the nature of the request, users may be asked to provide order details, screenshots, files, payment references, or other information reasonably necessary to review and resolve the issue.

Users should submit only information relevant to their request and must not knowingly provide false or misleading information.

14.3 Appropriate Use

Support tickets must be used for legitimate requests related to Ataw Studio's services, operations, or community.

Users must not use the ticket system for:

- Spam, flooding, or excessive repeated messages.
- Harassment, threats, or abusive conduct.
- False, misleading, or deliberately fraudulent reports.
- Unrelated advertising or unauthorized promotion.
- Repeatedly submitting the same request without a legitimate reason.
- Intentionally disrupting or interfering with support operations.
- Manipulating, intimidating, or abusing support staff.
- Circumventing reasonable support procedures or restrictions.

14.4 Communication With Support Staff

Users must communicate respectfully with Ataw Studio staff, support representatives, and other authorized personnel.

Threats, harassment, discrimination, intimidation, or intentionally abusive behavior may result in a warning, ticket closure, communication restrictions, or suspension of access to Ataw Studio services, depending on the severity and circumstances.

Users may disagree with a decision or request a review, provided they do so through appropriate and respectful communication.

14.5 Ticket Response Times

Ataw Studio will make reasonable efforts to respond to support requests within an appropriate timeframe.

Response times may vary depending on staff availability, ticket volume, request complexity, time zones, operational demands, and other circumstances.

Unless a specific response time has been expressly agreed upon, Ataw Studio does not guarantee an immediate response or a fixed resolution time.

14.6 Information Provided in Tickets

Information submitted through support tickets may be accessed by authorized Ataw Studio personnel when reasonably necessary for purposes including:

- Resolving support requests.
- Reviewing orders and project details.
- Investigating disputes or complaints.
- Verifying payment-related issues.
- Maintaining service quality.
- Detecting and preventing fraud, abuse, or unauthorized activity.
- Reviewing potential violations of these Terms.
- Maintaining appropriate administrative and operational records.

Such information will be handled in accordance with applicable privacy requirements and relevant Ataw Studio policies.

14.7 Ticket Closure

Ataw Studio may close a support ticket when:

- The issue has been resolved or an appropriate response has been provided.
- The requested information or assistance has been supplied.
- The user has stopped responding and further action cannot reasonably proceed.
- The ticket has remained inactive for an extended period.
- The request falls outside the scope of the support system.
- The ticket involves abuse, fraudulent activity, or a violation of these Terms.
- The request is duplicative or no longer requires separate handling.

Where appropriate, Ataw Studio may provide a final update before closing an inactive or unresolved ticket.

If further assistance is required, users may open a new ticket or contact Ataw Studio through an official support channel, subject to any applicable restrictions.

14.8 Ticket Records and Transcripts

Ataw Studio may retain ticket messages, attachments, transcripts, and other relevant records for legitimate administrative, operational, security, quality-control, dispute-resolution, or legal purposes.

Access to these records may be limited to authorized personnel and handled in accordance with applicable law and relevant privacy policies.

Retention periods may depend on the nature of the request, operational requirements, dispute-resolution needs, and applicable legal obligations.

14.9 Staff Authority

Authorized Ataw Studio staff may manage, assign, transfer, rename, close, archive, or otherwise moderate support tickets when reasonably necessary to maintain an organized, secure, and effective support system.

Staff may also request additional information, direct users to the appropriate department, or consolidate duplicate tickets where appropriate.

Such actions must be consistent with these Terms, applicable internal procedures, and relevant legal obligations.

14.10 Official Support Channels

Users should use Ataw Studio's official support system for matters involving orders, payments, services, refunds, disputes, account-related concerns, or other business matters whenever possible.

Ataw Studio may be unable to verify or resolve issues arising from unofficial communications or interactions with unauthorized individuals claiming to represent the studio.

Users should verify that they are communicating through an official Ataw Studio channel before sharing sensitive information or making payments.

14.11 Abuse of the Support System

Ataw Studio may restrict or suspend a user's access to the support system when the user repeatedly abuses tickets, submits fraudulent requests, intentionally wastes staff resources, evades reasonable restrictions, or otherwise disrupts support operations.

Any restriction will be assessed according to the nature, frequency, and severity of the conduct and may be accompanied by a warning where appropriate.

Restrictions will be applied in accordance with these Terms and applicable law.

14.12 Confidentiality and Sensitive Information

Users should avoid submitting unnecessary sensitive, confidential, or private information through support tickets.

Where information is necessary to investigate a request, users should provide only the relevant details and use official channels.

Ataw Studio will handle information submitted through its support system in accordance with applicable privacy requirements and relevant policies. Access to ticket contents should be limited to authorized personnel with a legitimate need to review them.

Users should not assume that every ticket is accessible exclusively to the individual support representative handling it, as authorized personnel may need access for operational, security, administrative, or dispute-resolution purposes.

15. DISPUTES

15.1 Good-Faith Resolution

Ataw Studio encourages clients, freelancers, and other users to resolve disputes through respectful, constructive, and good-faith communication whenever reasonably possible.

Users are encouraged to contact Ataw Studio through an official support channel before pursuing external resolution and to provide sufficient information to help the studio understand the issue.

This process does not prevent users from exercising any rights or remedies available to them under applicable law.

15.2 Dispute Information

When submitting a dispute, users may be asked to provide relevant information, including:

- Order or support ticket references.
- Payment details or transaction records relevant to the issue.
- Screenshots or other supporting evidence.
- Relevant messages and communications.
- A clear description of the issue and the requested resolution.
- Any other information reasonably necessary to assess the matter.

Users must not knowingly submit false, misleading, manipulated, or materially incomplete information. Failure to provide relevant information may affect the studio's ability to assess the dispute.

15.3 Internal Review

Ataw Studio may conduct an internal review before determining an appropriate response to a dispute.

The review may consider order details, communications, payment records, project progress, delivered work, revision history, applicable policies, agreements, and evidence provided by the parties involved.

Ataw Studio may request clarification or additional documentation from the client, freelancer, or other relevant parties before reaching a decision.

15.4 Freelancer Disputes

Disputes involving freelancers assigned through Ataw Studio's official system may be reviewed by the studio in accordance with the applicable project agreements and these Terms.

Depending on the circumstances, Ataw Studio may request corrections or revisions, reassign the project, adjust or withhold freelancer compensation where contractually permitted, remove a freelancer from a project, or take other reasonable administrative action.

Any action affecting payment or compensation will be handled in accordance with the applicable agreements and law. Ataw Studio will consider the available evidence and relevant circumstances before taking action.

15.5 Client and Ataw Studio Disputes

Clients who dispute an order, service, payment, delivery, or other matter involving Ataw Studio are encouraged to contact the official support team and provide the relevant details.

Ataw Studio will make reasonable efforts to review the matter based on the available evidence, the applicable order agreement, these Terms, and relevant legal obligations.

Where appropriate, the studio may propose a correction, revision, alternative solution, partial refund, or other reasonable resolution.

15.6 Payment Disputes and Chargebacks

Users are encouraged to contact Ataw Studio before initiating a payment dispute or chargeback involving an Ataw Studio transaction, where appropriate and practicable.

Knowingly fraudulent payment disputes, unauthorized attempts to obtain both a refund and retain the benefits of a completed service, or deliberate manipulation of payment procedures may be treated as abuse of the payment system.

Ataw Studio may submit relevant order records, transaction information, communications, and delivery evidence to payment providers or other authorized parties when reasonably necessary to respond to a payment dispute, subject to applicable privacy requirements and law.

Nothing in this section prevents users from raising legitimate payment disputes or exercising rights available to them under applicable law or payment-provider procedures.

15.7 Evidence and Records

When reviewing a dispute, Ataw Studio may consider relevant records, including:

- Discord messages and other official communications.
- Support ticket transcripts.
- Order details and agreements.
- Payment confirmations and transaction records.
- Project files, previews, and deliverables.
- Revision requests and approval records.
- Screenshots and other supporting evidence.
- Relevant documentation provided by the parties.

Users may be asked to provide evidence supporting their claims when reasonably necessary. Any records used during the review will be handled in accordance with applicable privacy requirements and relevant policies.

15.8 Dispute Outcomes

Ataw Studio will make reasonable efforts to reach fair and consistent decisions based on the information available and the circumstances of each case.

Depending on the dispute, possible outcomes may include:

- Continuing the project under the existing agreement.
- Requesting corrections or revisions.
- Reassigning the project to another freelancer.
- Offering a partial or full refund where appropriate.
- Declining a refund request where justified and legally permissible.
- Closing or cancelling the affected order.
- Taking appropriate administrative action regarding a freelancer or client.

The appropriate outcome will depend on the facts, the work completed, the applicable agreement, and relevant legal requirements. A dispute does not automatically entitle any party to a refund, replacement service, or other particular remedy.

15.9 Fraudulent or Abusive Disputes

Knowingly submitting false claims, manipulating or fabricating evidence, repeatedly abusing the dispute process, or attempting to obtain services, payments, or refunds through deception may result in proportionate restrictions on access to Ataw Studio's services.

Where appropriate, Ataw Studio may suspend the affected order or investigate suspected misconduct before determining further action. Any restrictions will be applied in accordance with these Terms and applicable law.

15.10 Completion of Internal Review

After considering the reasonably available information and any relevant responses, Ataw Studio may communicate its assessment and consider its internal review complete.

If new, material evidence becomes available, the studio may consider whether further review is appropriate.

Completion of an internal review does not prevent users from pursuing any rights, remedies, complaints, or external dispute-resolution procedures available to them under applicable law.

Nothing in these Terms is intended to unlawfully exclude or restrict rights that cannot legally be waived or limited.

15.11 Third-Party Platforms

Transactions, communications, and services involving third-party platforms may also be subject to those platforms' terms, policies, and dispute-resolution procedures.

Ataw Studio does not control decisions made independently by third-party platforms and cannot guarantee a particular outcome under their procedures.

This limitation does not exclude any responsibility that Ataw Studio may have under its own agreements or applicable law.

15.12 Cooperation

Clients and freelancers are expected to cooperate reasonably during dispute investigations, including by providing relevant information, responding to reasonable requests, and preserving pertinent records where appropriate.

Failure to cooperate may limit Ataw Studio's ability to investigate or resolve a matter and may affect the outcome where the missing information is material to the review.

15.13 Respectful Conduct

All parties involved in a dispute must communicate respectfully and must not engage in threats, harassment, intimidation, doxxing, or targeted abusive conduct.

Knowingly spreading false information about another party with the intention of causing harm, or using public harassment to intimidate or coerce a party during a dispute, may result in appropriate action under these Terms.

This section does not prohibit truthful statements, good-faith criticism, legitimate complaints, or lawful reporting of misconduct.

16. CHANGES TO TERMS

16.1 Right to Modify

Ataw Studio reserves the right to modify, update, replace, or otherwise revise these Terms of Service when reasonably necessary.

Changes may be made to reflect updates to the studio's services, business operations, policies, technology, security measures, legal requirements, or other relevant circumstances.

16.2 Reasons for Changes

Updates to these Terms may include, but are not limited to:

- Changes to products or services.
- Changes to pricing or payment procedures.
- Changes to freelancer policies or project management procedures.
- Changes to support, ticket, or dispute-resolution procedures.
- Updates required by applicable laws or regulations.
- Changes intended to improve security or prevent abuse.
- Clarifications of existing provisions, rules, or policies.

16.3 Effective Date of Changes

Revised Terms will become effective on the date specified by Ataw Studio or, if no specific date is stated, when the revised version is published through an official Ataw Studio channel, to the extent permitted by applicable law.

Ataw Studio may identify the effective date at the beginning of the document or within the revised Terms.

Where advance notice or express consent is legally required, the revised Terms will take effect subject to those requirements.

16.4 Existing Orders

Unless otherwise agreed or required by applicable law, changes to these Terms will not automatically alter the conditions of an order confirmed before the changes became effective.

Revised Terms will generally apply to future orders and services. Changes may also apply to ongoing matters where appropriate, provided that they do not unlawfully override existing agreements or mandatory legal rights.

16.5 User Responsibility

Users are responsible for reviewing the current version of these Terms before placing new orders, purchasing services, submitting freelancer applications, or otherwise using Ataw Studio services.

Ataw Studio will provide notice of significant changes where reasonably appropriate and will provide any individual notification required by applicable law.

16.6 Continued Use

Where permitted by applicable law, continued use of Ataw Studio services after revised Terms become effective may constitute acceptance of those Terms.

If a user does not agree with a revised version, they should discontinue any affected use of Ataw Studio services and contact the studio regarding existing orders, agreements, or outstanding obligations.

Discontinuing use does not automatically cancel existing obligations or eliminate rights and responsibilities arising before the revised Terms took effect.

16.7 Previous Versions

Ataw Studio may retain previous versions of these Terms for administrative, historical, dispute-resolution, or legal purposes.

A previous version may remain relevant to an order or matter governed by that version, where appropriate and consistent with the applicable agreement and law.

16.8 Invalid or Unenforceable Changes

If any provision of these Terms is determined to be invalid, unlawful, or unenforceable, the remaining provisions will remain effective to the extent permitted by applicable law.

Ataw Studio may revise the affected provision to the extent reasonably necessary to achieve a lawful and enforceable result that preserves its original purpose as closely as possible.

17. CONTACT

17.1 Official Contact Channels

Ataw Studio provides official communication channels for clients, freelancers, applicants, and other users who need to contact the studio.

Users should use the official channels designated by Ataw Studio for business communications, support requests, order inquiries, payment matters, disputes, applications, and other relevant concerns.

17.2 Support Requests

For matters involving an existing order, service, payment, refund, freelancer, or other Ataw Studio business activity, users should use the official support ticket system whenever available.

Providing accurate and relevant information when contacting support may help the studio review and resolve the request more efficiently.

17.3 Order References

When contacting Ataw Studio regarding a specific order, users may be asked to provide the relevant order number, support ticket reference, Discord username or user ID, transaction details, or other information reasonably necessary to identify the matter.

Users should retain relevant order confirmations, payment records, and delivery information until the transaction and any related issues have been resolved.

Users should not share passwords, authentication codes, or other unnecessary security credentials when requesting assistance.

17.4 Unauthorized Representatives

Users should exercise caution when dealing with individuals who claim to represent Ataw Studio but cannot be verified through an official communication channel.

Ataw Studio cannot guarantee or validate transactions, agreements, payments, or arrangements made with unauthorized individuals who falsely claim to represent the studio.

Users should contact authorized Ataw Studio staff through an official channel if they are uncertain whether an individual is permitted to act on the studio's behalf.

17.5 Contact Information Changes

Ataw Studio may update, replace, or discontinue communication channels when reasonably necessary.

Users should consult the most recent contact information published through official Ataw Studio channels before initiating important business communications or transactions.

17.6 Business Communications

By using Ataw Studio services, users may receive communications reasonably necessary for the provision and administration of those services.

These communications may include order confirmations, payment updates, support responses, freelancer application updates, project notifications, delivery notices, policy changes, and other relevant service-related information.

Users are responsible for maintaining access to the communication channels associated with their active orders or applications.

17.7 Response Availability

Ataw Studio will make reasonable efforts to respond to legitimate inquiries within an appropriate timeframe.

Response times may vary depending on staff availability, operating hours, ticket volume, technical circumstances, holidays, and the complexity of the request.

Unless a specific response time has been expressly agreed upon, no immediate response or fixed resolution time is guaranteed.

17.8 Official Information

Information regarding Ataw Studio's policies, pricing, services, orders, and agreements should be verified through official communication channels or authorized representatives.

Users should confirm important details through an official channel when necessary, particularly before making payments, agreeing to additional charges, or accepting changes to an order.

In the event of conflicting information, the applicable written order agreement and these Terms will be considered together, subject to applicable law and any mandatory legal requirements.

18. FINAL ACCEPTANCE

18.1 Acceptance of These Terms

By placing an order, purchasing a product or service, requesting a commission, submitting a freelancer application, opening a support ticket, or otherwise using Ataw Studio services, users acknowledge that they have had the opportunity to review these Terms of Service and agree to the provisions applicable to their use of the studio's services, subject to applicable law.

Where express consent is legally required, acceptance will be obtained in the manner required by applicable law.

18.2 Agreement to Comply

Users agree to comply with these Terms and any applicable order agreements, policies, procedures, and reasonable instructions communicated by authorized Ataw Studio representatives.

Failure to comply may result in appropriate measures, including order cancellation, removal from a project, restriction of access to certain services, suspension of participation, or other action permitted under these Terms and applicable law.

18.3 User Responsibility

Each user is responsible for reviewing and understanding the provisions applicable to their use of Ataw Studio services.

Users should review these Terms and any relevant order-specific conditions before placing orders, making payments, submitting applications, or participating in projects.

If a user has questions about a provision, they are encouraged to contact Ataw Studio through an official communication channel before proceeding.

18.4 Applicable Rights

Nothing in these Terms is intended to unlawfully remove, restrict, or waive any rights or protections that cannot legally be excluded or limited under applicable law.

Where a provision of these Terms conflicts with a mandatory legal requirement, that legal requirement will prevail to the extent of the conflict.

18.5 Final Statement

These Terms of Service establish the general framework governing the relationship between Ataw Studio and its clients, freelancers, applicants, and other users.

By using Ataw Studio services in accordance with these Terms, users agree to conduct themselves professionally, respectfully, and responsibly and to comply with the applicable conditions of their orders and activities.

Ataw Studio reserves the right to administer and enforce these Terms consistently, proportionately, and in accordance with applicable law.

END OF TERMS OF SERVICE

ATAW STUDIO
